Main use of 3D printer: **Prototyping**____ **Gain experience printing**____ **Other:**_____

Are you using the printer for a class project?

Yes____ No____

If so, which class? (Ex: MGT 301)

Estimated Weight of print(s) in grams____ **Estimated cost \$**____ **Allowed overhead \$**____

WARNINGS CONCERNING PRINTING: Some objects can be more difficult to build than others so please allow a minimum of 2 to 7 business days for printing. Certain objects may be too intricate to print or may have defects in the print. We make no guarantee of defect free or successful printing. Cost of printing is estimated and can increase due to several factors including BUT NOT LIMITED TO failed prints due to faulty 3D files or poor design. Only failed prints due to mechanical/software failure will be covered by the Center for Creativity and Innovation.

WARNING CONCERNING COPYRIGHT RESTRICTIONS: The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproductions. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research". If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use", that user may be liable for copyright infringement.

The Department reserves the right to refuse to accept a reproduction order if, in its judgment, fulfillment of the order would involve either damage to the materials or violation of copyright law.

I have read the copyright warning and other conditions given above and agree to observe them. I assume all copyright responsibility for the items requested and indemnify and hold harmless DePaul University, its trustees, officers, employees, and agents from any and all liability arising out of my being granted permission to inspect and copy the above materials.
